LOVE TO RIDE

# Initiative Goals

#MakeEveryRideCount seeks to achieve several key objectives:

- Encourage widespread participation in logging bike rides and providing feedback
- Increase awareness of biking safety and infrastructure needs
- Establish a national comfort rating benchmark that that will be shared with transportation planners, vision zero professional and advocates

# How do individuals participate?

- Free for individuals to participate
- Download the free Love to Ride app on Google Play or Apple Store, create a profile, and ride!
- Sign up for Bike Month
- Ride and rate their routes

# Benefits for Local, Regional & State Governments

Included in this initiative:

- The data gathered will be available on a national dashboard for review
- A complete marketing kit to use to promote marketing materials.  
Including: Social Media; Posters; Flyers and more
- Promotion of a tool that supports biking encouragement and bike safety education
- Opportunity to join other cities in this nationwide initiative

# Benefits for Local, Regional & State Governments

## Optional Costed Benefits via Love to Ride Contract

- A local biking transportation platform, website, with community engagement features and administrative data dashboards
- Year-round behavior change program with 4 annual campaigns – automated
- On-going data and reporting on mode shift, demographics, trip details, GHG mitigation
- Heat maps and comfort ratings with demographic, ethnicity, and rider type filters

# Benefits Individuals

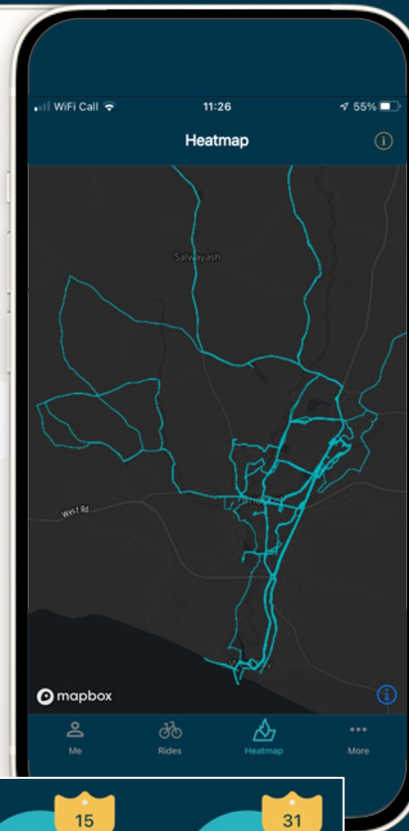

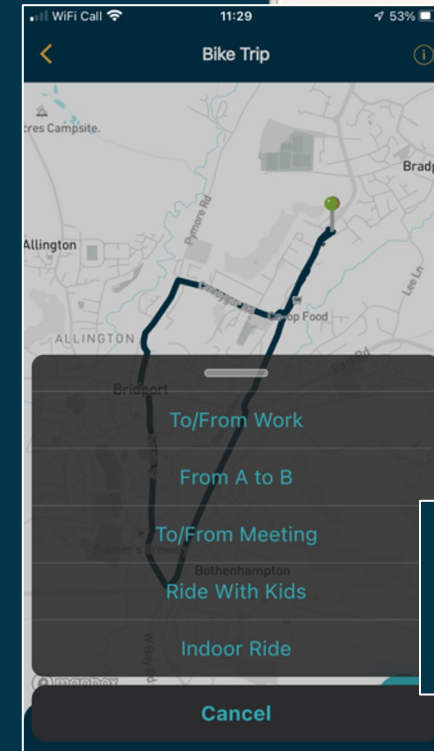

For individuals:

- Free, meaningful fun during Bike Month
- Free app to track rides and rate comfort levels
- Have a voice in transportation planning
- Opportunities for incentives and prizes

# Why the Love to Ride App

The Love to Ride app offers key features that enable the #MakeEveryRideCount initiative:

- Passive tracking for easy ride logging - more trips logged - increasing trips logged by over 18X.
- Automatic mode-detection - capturing trips under 6 miles
- Comfort rating functionality designed to the LTS standard to provide route feedback
- Ability to filter trip and comfort data by population

Movement map Comfort map

**FILTER BY TRIP DETAILS**

Trip Distance: 0 - 6 km

Days of the Week: Mon, Tue, Wed, Thu, Fri, Sat, Sun

Time of Trip: 7am - 10am

Trip Purpose: Commutes

Timeframe: 01-Jan-23 to 02-Jan-23

**FILTER BY RIDER TYPE**

Frequency of Rider: New Riders

Main Mode to Work: Car (alone)

Gender: Female

Ethnicity: All (default)

**FILTER BY LOCATION**

Zip / Post Code: Type to search... **FIND**

Draw Area to analyze

- Trips starting or ending here
- Trips going through here

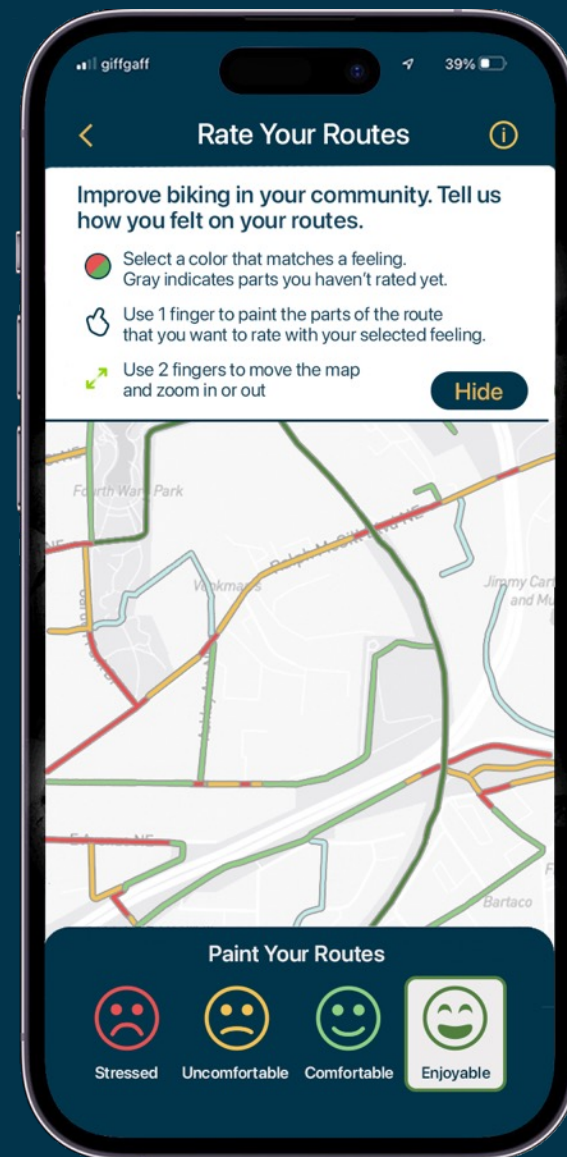

**LOVE TO RIDE**

# Comfort Rating

#MakeEveryRideCount is made possible by Love to Ride's new comfort rating feature that allows riders to easily rate their route.

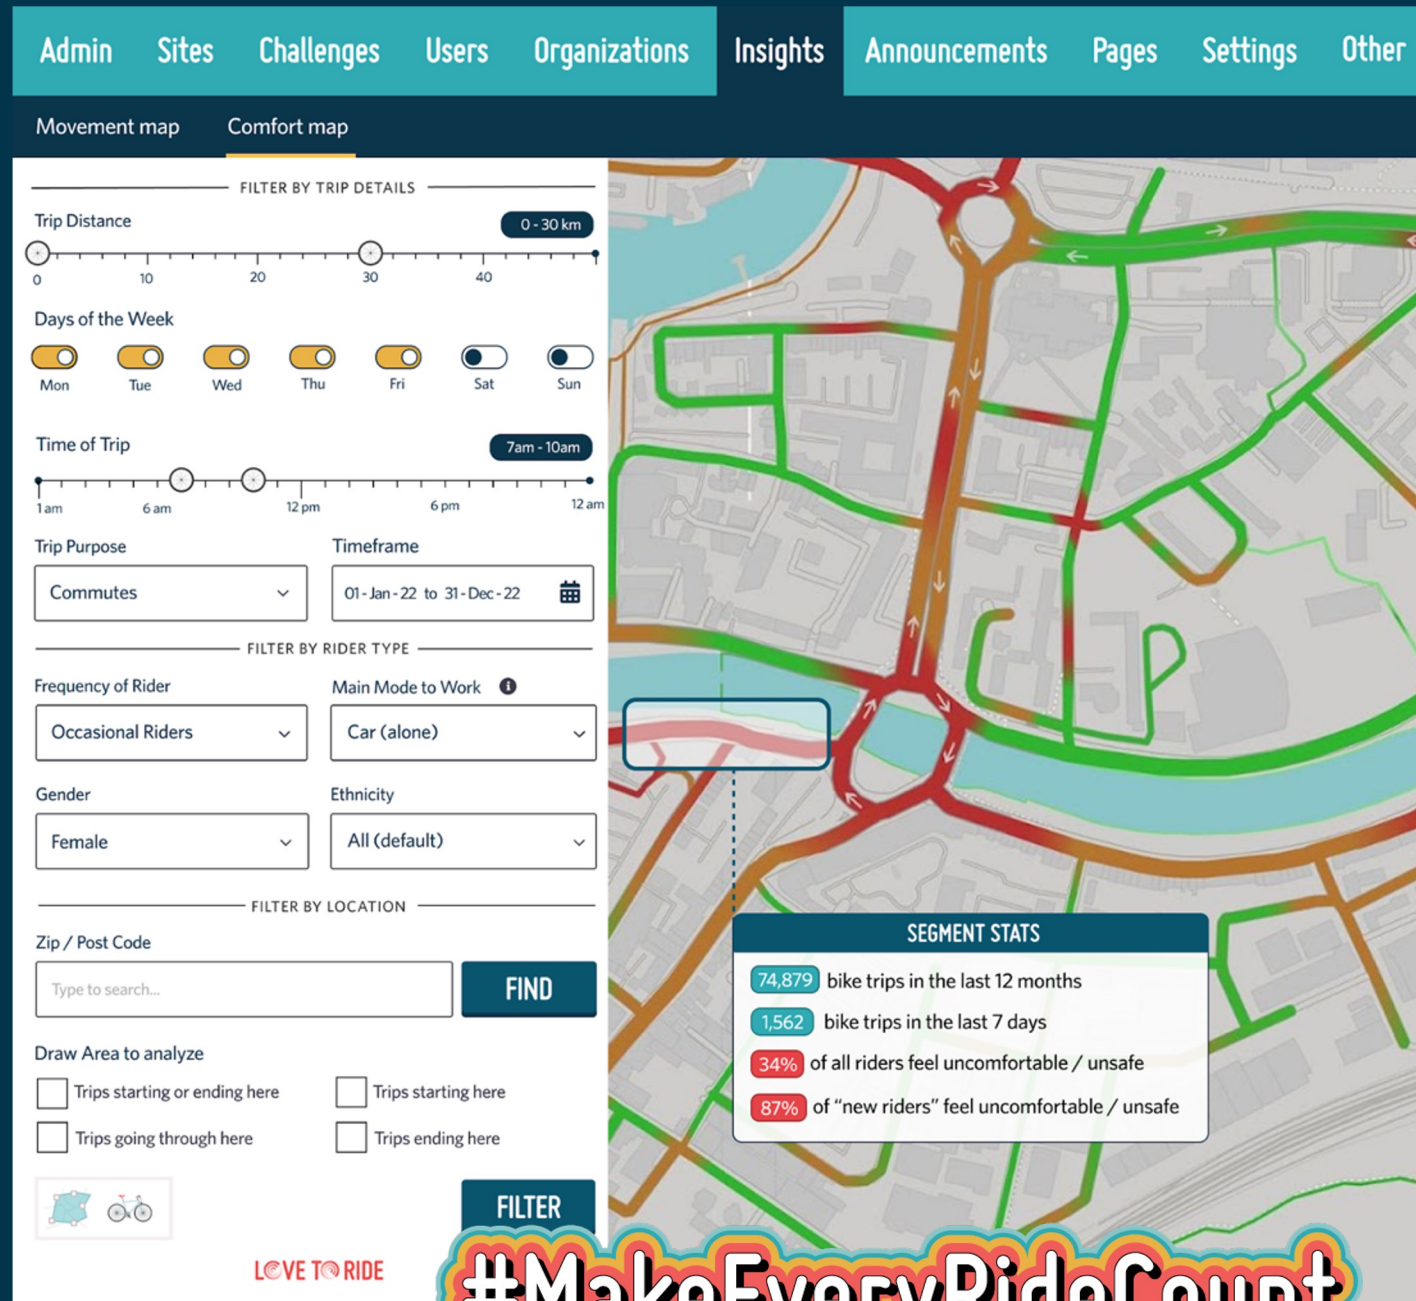

- 4-Stress Level Rating Scale
- Simple color-coded 'finger paint'
- Segment by segment

# Use Cases

Use the data to:

- Identify hotspots
- Prioritize investments
- Measure Impact
- Validate infrastructure planning
- Filter by demographics

# Bike Month 2024

- May 1– 31<sup>st</sup> 2024
- A National Bike Challenge to celebrate joy and benefits of biking
- Participation is free for individuals
- Promo Pack with graphics and text will be available to share
- Prizes and incentives\*
- \*available to app users and riders in partnered regions

# How you can support #MakeEveryRideCount

- Take part in Bike Month 2024
- Encourage your organization, city or community to participate
- Download and share the promotional materials
- Share details with others within your organization and outside
- Share social media posts using the #MakeEveryRideCount hashtag

# What's Next

This is just the beginning. Over the next several weeks and months we will continue our outreach to states and communities across the country.

- Follow up emails with links to a launch page for more details
- Links to downloadable promotional materials will be available
- National webinar

A photograph of two cyclists riding on a city street. The cyclist in the foreground is a woman with blonde hair, wearing a black helmet, a pink tank top, black leggings, and a blue backpack. She is riding a purple bicycle. Behind her is a man wearing a black helmet and a light blue long-sleeved shirt, riding an orange bicycle. The background is blurred, showing a yellow and blue bus and other city elements. The text 'LOVE TO RIDE' is overlaid in the top right corner, and a descriptive paragraph is in a semi-transparent box on the right side.

LOVE TO RIDE

From behavior change to biking network monitoring, Love to Ride is an all-in-one biking platform for the future of biking transportation.

# About Love to Ride

Love to Ride offers comprehensive biking transportation programs and services to support mode shift in communities worldwide.

- Behavior Change: Engage communities and encourage cycling with tailored Behavior change programs.
- Biking Network Monitoring: Gain insights into biking network usage and safety with advanced monitoring tools.
